

## Joint meeting

A. Borschette Congress Center, Brussels, 27 February 2018

# The GloPID-R Industry Stakeholder Group (ISG)

Presenter:

**Finnian Hanrahan**

Organization:

**European Commission**

**Fighting Infectious Diseases and Advancing Public Health**

# The need for industry involvement

---

- GloPID-R's mission is:
  1. To prepare for and respond to serious outbreaks of disease,
  2. To improve the systems that enable research to contribute to good preparedness and response.
- Without industry any preparedness or response will be incomplete.
- It was decided to form an 'Industry Stakeholder Group'.

# The GloPID-R ISG

---

- Terms of Reference for industry participation drafted in Summer '17
- Industry are not full members of GloPID-R.
- Are consulted and will participate in its work, including working groups.
- Only exception is where future funding is discussed.
- Can organise their own events, with approval of GloPID-R Chair.
- Will be supported by the GLoPID-R secretariat.
- Can attend annual meeting, apart from members-only discussions.

# ISG composition

---

- GloPID-R members nominate members of ISG.
- Current ISG members:
  - bioMérieux
  - Cepheid
  - European Federation of Pharmaceutical Industries and Associations (EFPIA)
  - GlaxoSmithKline
  - Pfizer
  - Sanofi Pasteur
  - Vaccines Europe
- Very possible that more will join.

# First meeting of ISG – 28 February

---

- Present at the meeting will be:
  - bioMérieux
  - EFPIA
  - Sanofi
  - Vaccines Europe
- Meeting will decide many aspects of the working relationship between GloPID-R and the ISG, for the benefit of both.
- Amendments will be made to Charter and Response Plan.
